22/105 Public Participation Session

This item was taken in conjunction with Items 22/107 Report from Colchester Borough Council Councillor and 22/110 East Anglia Green. The planned comments to be issued by Colchester Borough Council to the East Anglia Green Project had been circulated. The Council resolved to draft an objection which would raise concerns regarding noise, impact on health, risk of visibility from the Dedham Vale AONB, detrimental effect on the landscape character and heritage setting. The Council comment would be copied to Colchester Borough Council and our MP.

The Council would also print a number of flyers to have available at the Boxted Hub café and the Boxted 10k event.

To receive the reports of the District Councillor and the County Councillor.

Cllr Chapman spoke of the changes to the make-up of Colchester Borough Council because after the elections. He also spoke about the Colchester Borough Council objection to the East Anglia Green consultation.

22/108 Traffic at the school

To consider the email regarding changed school signage (see attachment).

The Council resolved to tell Cllr Barber that new wigwag lit signage was not needed at the school as the issue was parking and not speeding.

The Council resolved to request a further meeting with the school to see if we could find a solution to the opening of access to the overflow parking each school morning and finding and funding a crossing officer.

It was also noted that the end of the Hill Farm development footpath onto Straight Road was potentially dangerous as there was no physical barrier between the footpath coming to the junction at 90 degrees and the road. It is usual to have railing to stop children continuing from the path onto the road. The crossing point is also obscured from Straight Road traffic due to the hedge. The Council resolved to report their concerns and to arrange for a significant hedge cut back to improve visibility.

The Council resolved to ask Cllr Barber to improve the carriageway edges along Lower Farm Rd as it is a route to the Dedham Vale AONB for tourists.

To consider the following:

- **To consider a sun dispenser point with the capital costs covered by Essex Cllr Barber. (see email)**
- **To consider the two quotes received for a nest swing installation (see attachment).**

The Council did not think that a sun dispenser point was needed at the Recreation Ground.

The Council decided to apply to the Community Initiatives Fund for assistance in purchasing and installing a nest swing.
